## Languages

- Finnish
- English
- Swedish

## Skills

- Communication
- Teamwork
- Customer service

## Interests

- Chess

I am an analytical and goal-oriented IT professional with a strong passion for data processing and systems development. I am detail-oriented, a quick learner when it comes to new technologies, and a solution-driven problem solver. I have excellent teamwork skills, as well as the ability to work independently and systematically under pressure.

## Projects

### Mobile Application

Made an AI-powered mobile app that offers users personalized workout plans, nutrition advice, and progress tracking. The app analyzes user data and adapts to their individual goals and is available for download on mobile app stores. Through this project, I gained experience in mobile app development, particularly in designing user experiences and applying AI in user-centered solutions.

### Programming Language

Made a programming language created in Rust, featuring a minimalistic syntax designed for code golfing. This project deepened my understanding of programming language design and optimization. Working with Rust provided valuable experience in performance and memory management, and I learned to build efficient syntax structures and interpret code quickly.

### Chess Bot

Made a powerful chess bot built using AI algorithms such as minimax and alpha-beta pruning. This project strengthened my problem-solving skills and gave me hands-on experience with game algorithms and applying AI to optimized algorithms, emphasizing performance and resource management.

## Work experience

### Freelancer

Mar 2020 - Nov 2021

Fiverr, Independant

I sold different products to clients, which enhanced my ability to understand customer needs and provide them with suitable solutions. I learned to value and utilize client feedback while also developing my time management and prioritization skills.

### Telemarketer

May 2024 - Jun 2024

IK Dominance Oy, Remote

I was responsible for selling products and services over the phone, identifying customer needs, tailoring offers, and managing the sales process from start to finish. This role developed my customer service skills, time management, and solution-oriented mindset, while also improving my communication and negotiation abilities, helping me achieve and exceed sales targets.

## Education and Qualifications

### Information Technology

Aug 2024 - Jul 2028

Tampere University of Applied Sciences
